The Ultra Graphics Engine allows for incredible gameplay diversity while providing the FIFA player with the most realistic, high fidelity graphics. In addition, the match engine includes all the fundamental elements of the real life game, such as the new ball, player ratings, keeper, authentic goal animations, and a new model and physics of the ball. FIFA 22 introduces one of the most complex and extensive FIFA Ultimate Team modes ever, giving players the opportunity to virtually build the ultimate squad with over 600 new and legendary players. In addition, the next-gen video backdrops have been improved, allowing for a much more immersive experience. FIFA Ultimate Team is one of the most important and exciting features of the game. It has been a huge focus from the development team. The new Live Transfer market allows players to quickly and efficiently upgrade their squad in real-time or trade players for fresh

new recruits. Players will be able to quickly strengthen their squad with the addition of real-world transfers and strengthen their squad even further with the introduction of packs. FIFA 22 is packed with over 50 real-world player personalities, including historic legends, megastars and the most innovative footballers from around the globe. Whether it's Lionel Messi, Ronaldinho, Zlatan Ibrahimovic, Cristiano Ronaldo, Luka Modric or Real Madrid's 5-time Ballon d'Or winner Iker Casillas, these legends offer unique skills and attributes that affect gameplay. The game also introduces FIFA 2K* Pro Experience mode, which uses the authentic tools, tactics, style of play and training sessions from the real-world FIFA 2K* franchise. It combines the realistic feel of the game with the ability to play out entire matches or tournaments. * FIFA 2K is a franchise of the FIFA franchise, published by Electronic Arts (EA). What's new in Fifa 22:

- **FIFA FIFA 22 changes launch with a PS3 exclusive Football Career that follows your Manager's career. The new Career matches against the other managers**

from the different leagues and representing the better clubs. It's up to you to earn promotion or fight to stay at the bottom of the league.

- **New Car Design, Players, and Kits.** The new car design is a main attraction of the new franchise mode because it gives you a choice of playing at top of the division teams or representing the clubs that finished last - either scenario lets you achieve true greatness.
- **Added redesigned Pro Clubs.** You can now form stronger teams by mixing the right combination of players.
- **Navigation is enhanced throughout the game.** Working through the menus is now faster and more efficient, too. You can also navigate around and between stadiums, and easily access game settings.
- **In-Match Experience is now co-branded with your NFC SPORTS BEYOND LIVE bracelet.**
- **Launching the game no longer starts up a "Play now" or "Download Now" screen.** Now, when you start the game you see FIFA 22 getting ready to play. Enjoy the process.
- **Do not use "USB Capture for PlayStation 4" to record.**
- **FIFA 22 launches in PS4 at a resolution of 1080p/60fps with enhanced graphics.** The game doesn't have full dynamic resolution.
- **FIFA 22 on Xbox One requires a total system memory of >2GB for English servers.**
- **The update is region restricted.**
