Cirque du Brawlee is a game for 1-4 players where you will rise to the top as the greatest circus clown in all of Zork. Using the six tools at your disposal, you'll jump from trapeze to trapeze and from human to human, jumping their carcasses to confuse your opponents and win the day! In the end, there is only one victor: You! ----- Features: - Players can switch positions during a match. - You can choose from four different circus characters. Each character has their own special abilities, balance, and cosmetic options. (If you choose to play using a female version of any of the characters, the female version will be a copy of the original, with the same abilities and perks.) - Draw enemy cards by uncovering cards or through interaction with the environment. - Use whatever cards you draw to manipulate the circus scene around you. - Cards represent your attack and your defensive strength. Play cards to use your skills at the correct time, or save cards to defend yourself in the heat of battle! - Use the crowd to your advantage, ensuring that you are drawn into battle while depriving your opponents of the crowd's mob mentality. - Obtaining each circus card unlocks new abilities for your circus. - Ability cards and circus cards represent the different elements of the circus. Every circus card is randomized and has a set starting attribute, health, and a cost for its use. You can modify a circus card based on its starting attribute and it's starting life total. - Every circus card is a unique object with its own special properties and abilities. - You can play with up to four arcade boards at once, each with 4 players. - There are 52 circus cards. Players can use 2-9 of the cards, giving them special effects and effects for the game. - Cards will appear on the field at random, but you can change the number of cards played at any time. - There are 12 circus environments with unique effects. Each environment has a cost to use, and different stages require a special combination of circus cards. - You can also use environment cards that replace any of the circus cards on the field. - You can c9d1549cdd

Bluetooth in Every Radio - equs ===== nwmcsween I still don't get why they didn't just add a socket for this. ~~~ grnkdude The cynic in me says that there was some kind of leadership/political reasons at play. ~~~ cpeterso Perhaps Apple was forced to add a Bluetooth radio by the FCC. The FCC has been trying to force Bluetooth onto cars for years. The first conformity certification is issued today! [1] [1] [

**Demolish & Build 2017 was an annual event for repair and conservation of historic buildings in Calgary. The event is hosted by the Historic Calgary, Alberta Cultural Resources Commission and Big City Adventures in partnership with the City of Calgary, Calgary Economic Development, and private and community partners. Demolish & Build Calgary takes place at the many historic buildings and structures and conserves and restores the buildings so that they can be reused by the community. Previous Demolish and Build events have been held at the Calgary Tower, Calgary Tower Centre, Calgary Conservatory and St. Thomas Anglican Church. History The first Demolish & Build event was held in 2011 at St. Thomas Anglican Church after more than a decade of activity by The Friends of St. Thomas Heritage Buildings. The 2011 event attracted more than 1,000 attendees to a two-day event where 156 buildings in the vibrant St. Thomas' urban village area were either conserved, restored, or condemned. The success of this event led to the creation of the Historic Calgary – Alberta Cultural Resources Commission. The Historic Calgary began organizing Demolish & Build in 2012. In 2013, the event was held at the historic Calgary Tower. Eight buildings, some beautiful and some not, were chosen for this year’s event. The event again attracted 1,000 people to the event. In 2014, the event was held at the Calgary Tower Centre. Thirteen buildings were chosen for the weekend of celebrations. The community helped pick this year's buildings and helped staff the weekend. The first women’s conference on heritage was also held in conjunction with the event. In early 2015, Big City Adventures decided to partner with the Historic Calgary to increase the number of buildings chosen for the event. Thus, the decision was made by the city and county to once again host Demolish & Build in 2017 at the historic St. Thomas Anglican Church. In 2016, the City of Calgary, Alberta Cultural Resources Commission and the local communities worked together to bring back the annual heritage event at the historic Calgary Tower. After many months of preparation, demolition began on April 6 and the 40-day project officially finished on June 26, 2016. On July 28, 2016, the event was staged on the second, top level of the Calgary Tower for the second time. Many buildings were successfully restored on this level for the first time. Participants filled 12**

**In Raider Remastered, you must lead a squad of elite Raiders across the dangerous Italian Peninsula in an effort to capture the city of Rome, the largest in Italy. Your mission is simple: blow up everything that stands in the way of total domination. Upgrade your Raiders, recruit a team of quirky allies, and fight through two full campaigns. Journey through a variety of environments, take on a number of enemies, destroy your enemies, and claim your lost empire. Raider Remastered is the most feature-rich remake ever made for the original game. Like its predecessor, Raider Remastered is designed to be played in one session, or over a number of sessions to create a long-playing experience. The game is designed in such a way that in order to provide the most content to players, it is playable regardless of whether you choose to play in marathon or burst mode. It will run to completion in around 3 and a half to 4 hours. Key Features: • Best-in-class graphics: Raider Remastered offers the highest-quality graphics, characters, and effects ever seen on a Game Boy Advance title. • Use of the GBA SP’s built-in capability: The SP makes the game play as if it were a real Game Boy Advance game. • Skill-based gameplay: Raider Remastered provides a challenging skill-based game experience that is similar to the original game, but with hundreds of additional maps, missions, and other content. • Replayability: The most dedicated fans will never run out of Raiders and the game allows for open-ended play with full modding support. • Single-session or multi-session play: Raider Remastered is designed so that players can create a long-playing experience by playing in a single session or multiple sessions over a number of weeks. • New music: Raider Remastered features a complete remake of the game’s soundtrack composed by the Silent Hill series’ mastermind Akira Yamaoka. • Free online leaderboards: Raider Remastered allows players to compete online against a worldwide leaderboard. Game Details: Run time: 3+ hours Players:**
